- We're at CO caucuses tonight building power for workers! We stand for living wages, affordable healthcare, the right to form a union, a stable workforce, and an economy that benefits workers, not just the wealthy. <http://bit.ly/2oN1Mru> #CrashtheCaucus #WorkersCaucus #copolitics

- Airport workers from #DENAirport are standing together tonight for the #ColoradoCaucus. We demand a living wage, improved benefits & the emergency training we need to keep the airport safe. #PovertyDoesntFly #CrashtheCaucus #copolitics

- Tonight, we're united at caucus sites demanding that politicians do better and hear the needs of workers, their families, and our communities! <http://www.seiu105.org/2018/03/05/building-worker-power-this-election-cycle/> #CrashtheCaucus #WorkersCaucus #copolitics #ColoradoCaucus

- No one who works full time should be living in poverty. All Colorado workers deserve a living wage that keeps up with rent and the cost of living. #CrashtheCaucus #WorkersCaucus #copolitics #coleg

- Want to raise wages for CO workers? A proven way to achieve this is by supporting unions—solidarity works, we are #StrongerTogether and can demand raises. It doesn't have to cost a dime of taxpayer money. <http://www.seiu105.org/2018/03/05/building-worker-power-this-election-cycle/> #CrashtheCaucus #WorkersCaucus #copolitics
- We demand and will protect the right to form a union without fear of retaliation. Unions provide greater fairness and freedom at work. Our communities depend on it. <http://www.seiu105.org/2018/03/05/building-worker-power-this-election-cycle/> #CrashtheCaucus #WorkersCaucus #copolitics #ColoradoCaucus
- Why #CrashtheCaucus? We're frustrated with politicians who get elected and then don't do enough to fight for working & middle-class families. The government must work for working people once again. <http://www.seiu105.org/2018/03/05/building-worker-power-this-election-cycle/> #copolitics #WorkersCaucus #coleg

- Why #CrashtheCaucus? We're tired of a rigged economy where hard work isn't rewarded anymore, and the wealth we create only flows to the top. <http://www.seiu105.org/2018/03/05/building-worker-power-this-election-cycle/> #copolitics #WorkersCaucus #coleg

We're at Colorado caucuses tonight building power for workers! We stand for the urgent need to:

- Raise wages for all working Coloradans,
- Support unions so they can provide greater fairness and freedom at work,
- Provide healthcare that everyone can access and afford,
- Tackle the affordable housing crisis that has seen costs skyrocket in our region,
- Protect immigrants from being scapegoated for economic problems caused by greed,
- And other issues critical to working people.

No one who works full time should be living in poverty. All Colorado workers deserve a living wage that keeps up with rent and the cost of living. Since 2012, average rents in Colorado have increased 6 times faster than wages.
