Green Janitorial Graduating Class  
Care of SEIU Local 105  
2525 West Alameda Avenue  
Denver, CO 80219

Dear Graduates of Green Janitorial Training Program,

I regret that I was unable to attend your official graduation this week, but I wanted to be sure you were aware of my deep appreciation for your commitment to completing the Green Janitorial Training.

In the legislature we work to pass laws that will protect our environment, but the work to combat climate change is a collective effort that must be considered at every level of individual action. Your decision to engage in a two month training program to gain the tools and resources necessary to ensure the safer, more sustainable and environmentally friendly maintenance of our City's buildings is exactly the type of individual action required to make substantial advances in our fight against climate change.

Thank you again for your commitment to learn and implement these Green Janitorial practices. Please reach out if you're interested in visiting my office at the Capitol, it would be an honor to host you.

Sincerely,

A handwritten signature in blue ink, appearing to read "JB", with a large, stylized flourish at the end.
