News

Janitor and SEIU Local 105 Executive Board Member Eva Martinez was featured in the Denver Post this month, telling the story of her family living in Denver through multiple minimum wage increases won through the POWER of OUR UNION!

Eva was featured as part of a larger project telling the story of immigrants and People of Color in Denver, and she made a point to highlight the value of having a good, union job, and how it has helped uplift the lives of Janitors across our communities!
